Sir:

Applicants respectfully request that the U.S. Patent and Trademark Office (PTO) issue a Corrected Filing Receipt in the above-captioned patent application. Attached is a copy of the Filing Receipt received January 28, 2000. This Filing Receipt does not list the continuing application data identifying this application as a continuation of application number 08/772,222, filed December 20, 1996. In a (First) Request for Corrected Filing Receipt, filed February 8, 2000, Applicants incorrectly stated that the filing date of application number 08/772,222 was March 30, 1999. The Official Filing Receipt should include the continuing application data as follows:

This application is a continuation of parent application number  
08/772,222, filed December 20, 1996.

Applicants are enclosing a copy of the Filing Receipt with the proposed corrections marked in red, as well as a copy of the unexecuted Declaration filed with this application on

December 8, 1999, claiming the benefits of the priority application, and a copy of the first page of the Preliminary Amendment, filed concurrently with the application on December 8, 1999, requesting the specification be amended to insert a statement identifying this application as a continuation of parent application number 08/772,222. Also enclosed is a copy of the "Request Form For Filing a Continuation Application" and return postcard. Applicants respectfully request that the PTO make appropriate correction to its records and issue a new official Filing Receipt with the corrections shown thereon.

Because the original failure to include the claim for priority is believed to be the responsibility of the PTO, no fees are due as a result of this request. However, in the event of any variance between the fees determined by Applicants and those determined by the PTO, please charge any such variance to the undersigned's Deposit Account No. 02-0375.

Respectfully submitted,

BAKER BOTTS, L.L.P.
